

ALEXANDRIA.

TUESDAY EVENING, NOVEMBER 29.

REV. HEBER NEWTON says what, this re public should most fear is the voting of ignorant foreigners. He apparently has no fear whatever of the voting of ignorant negroes. But the ignorant foreigners are few, while the ignorant negroes are many-so many that is several of the Southern States they constitute a majority of the population. The reverend gentleman referred to evi dently believes that color affects ignorance, and that while black ignorance is innocuous. at least in the South, in a large portion of which it predominates, white ignorance is dangerous in the North, where so little of it exists. The republican party committed a grievous crime against republican institutions when it conferred the privilege of suffrage upon five million ignorant freed

THE ANARCHIST paper in Coleago, in its last Sunday's issue, referring to a proposed anarchist meeting to be held there, and to re ports that incendiary utterances thereat will be prohibited by the police, says "the friends of the cause will consider it their duty to defend free speech with their bodies, as their brothers, thirty years ago, in Cincinnati, did in the case of the noble Wendall Phil lips, and that If riot be provoked thereby the termination will at least ie doubtful." The late editor of the paper referred to was hanged for inciting murder. Its present editor manifestly has not profited by his ex-

Senator Blackburn, of Kentucky, being asked by the GAZETTE's correspondent this morning what he thought about the advisa bility of running a Southern man for Vice President on the next national democratic ticket, replied that he approved the proposition; that if the war feeling was ever to be over, it was over now; that he was tired and had been for ten years of the South's apologies for what it had done, and thought the people of the South, being just as loyal and patriotic as those of the North, should demand perfect and entire equality. He said he believed the masses of the North ern people were of his opinion, and instanced the recent election of Col. Fellows, an ex-Confederate, in New York, and the fact that the president of the Clover Club, of Philadelphia, the largest social club in the country, is a man who fought as a private four years in the Confederate army, as proof that he was correct. He said doubtless some Northern democrats who may aspire to the im-portant national offices would like the impression to prevail that none of those offices should go to the South, as such an impres sion would improve their own chances by

reducing the number of possibilities, but

that he did not think they were sustained

Representative O'Ferrall of Virginia, in

talking to the GAZETTE's correspondent this morning, said his feelings were altogether in favor of nominating a Southern democrat for Vice-President on the next national ticket, but that he was not sure about the policy of such a nomination. Respecting revenue measures, he said he was almost sure that a reduction would be made in the revenue during the coming session of Con gress, and that he thought that reduction would be effected by the removal of the internal revenue tax on leaf tobacco and the removal of the tariff on the necessaries of life. He says he made his last canvase on a revenue tariff, and that the people of his district sustained him was proved not only by his election, but by the glaring fact that even the Milnes precinct to Page county, the manufacturing precinct of his district, gave him forty majority though it had pre viously given one hundred republican ma All the people wanted, he said, to jority. Union services are being held in the Second church, and all the Pres byterian ministers of the city were present After the usual preliminary exercises, Rev-J. Calvin Stewart, of Alexandria, now pas tor of the Fourth Presbyterian Church, who delivered the sermon of the morning, an nounced as his text Psalm exvi.: 12, 13 What shall I render unto the Lord for all His benefits toward me? I will take the cup of salvation and call upon the name of the Lord." In opening the discourse the speaker alluded to the origin and growth of the day of thanksgiving. In this country its earliest observance was in the New Eng land States, but set seasons of thanksgiving greatly antedate the early days of the Uni ted States, for the Greeks had their days of rejoicing and thanks, while God's ancient people, the Hebrews, were notably given to seasons of joy, praise, and thanksgiving to a convenant keeping God.
The speaker had but little sympathy
with the observance of this day as a
day of feasting, but heartily commanded it as a day of religious thanksgiving and of sweet family reunions. The growth and

An Alleged Crank.

San Antonio, Tex., Nov. 29 .- Louis Schilling, the German American who is now in Washington with a petition for Federal sid in his efforts to obtain reparation from the Mexican Government for various wrongs and cruelties he claims to have received from the hands of the Mexican authorities, is prononneed a crank if not an actual lu natic by neighbors in Western Texas, among whom he says he lived for several years. It appears that Schilling was tried and convicted of lunacy at Fort Davis about a year ago and was turned over to his brother for safe keeping. He soon escaped from his brother and wandered over into Mexico, soon after which he claimed to have been robbed, shot and unjustly imprisoned by Mexican officers. His acquaintances here give no credence to the stories of the cruelty he is causing to be wired to Washington to various Northern and Western papers.

An Interesting Case.

MADISON, Wis., Nov. 29.-George O Neitge, an aged German, is in the city, and will present an interesting case to the State land commissioner to day. He claims that in 1874 he pro empted 160 acres of land in St. Croix county, paying to the State \$400 therefor. The official records show this to be a fact. Gov. Taylor afterwards ignorantly patented the same land to the North Wisconsin Railway, now the Omaha Company, which ejected Neitge and put him in jail for trespass. The railway station of Deer Park, with 300 residents, is now located on the land, the value of which is now over \$100,000. Neitge's claim appears to be a valid one.
